## LANDACKNOWLEDGEMENT

A Red Orchid Theatre sits upon the traditional homelands of the Council of the Three Fires: The Ojibwe, Odawa, and Potawatomi Nations. Many other Tribes like the Miami, Ho-Chunk, Menominee, Sac, and Fox also called this area home. Located at the intersection of several great waterways, the land naturally became a site of travel and healing for many Tribes. American Indians continue to call this area home, and now Chicago is home to the sixth largest Urban American Indian community that still practices their heritage, traditions, and care for the land and waterways. Today, Chicago continues to be a place that calls many people from diverse backgrounds to live and gather here. Despite the many changes the city has experienced, both American Indians and A Red Orchid see the importance of the land and this place that has always been home to many diverse backgrounds and perspectives.
